Phone: 01703184419
LinkedIn: https://www.linkedin.com/in/sabbir-ahmed-witcher
Address: 282, North Shahjahanpur, Dhaka-1217

PROFESSIONAL SUMMARY:

Hardworking and adaptable Electrical and Electronic Engineering student at BUET with experience in software development, machine learning, web development, and robotics. Passionate about solving real world problems through engineering and technology.

EDUCATION:

- **Bangladesh University of Engineering and Technology (BUET)** Present
  Bachelor of Science in Electrical and Electronic Engineering
  Currently Enrolled (Final Year Student)
- **Notre Dame College** 2020
  Higher Secondary Certificate (HSC)
  GPA: 5.00/5.00
- **Ideal School and College** 2018
  Secondary School Certificate (SSC)
  GPA: 5.00/5.00

EXPERIENCE:

- **Team Interplanetar – BUET Mars Rover Team** 2024-2026
  - *Documentation Sub-Team Leader*
- **Team Interplanetar – BUET Mars Rover Team** 2023-2026
  - *Video Editing Team Lead*
- **YouTube** Present
  - *Content Creator*
- **ArtStation** Present
  - *Content Creator*
- **Udvash** 2021-2023
  - *Instructor*
- **Udvash** 2021-2023
  - *Materials Developer*

TECHNICAL SKILLS:

- **Programming and Software Development**
  - C, C++, Python
- **Machine Learning and Artificial Intelligence**
  - PyTorch, TensorFlow, OpenCV, Keras
- **Robotics, Automation and IoT**
  - Raspberry Pi, ESP32, STM32, Arduino Microcontrollers, ROS
- **Web Development**
  - HTML5, CSS3, JavaScript
- **Game Development**
  - C++, Python, Godot, Unreal Engine
- **3D and 2D Design**
  - Blender, AutoCAD, Adobe Master Suite
- **Office Software**
  - Microsoft Office Suite, Google Workspace

LANGUAGES

- **English**
  Fluent (Listening, Reading, Writing, Speaking)
- **Bengali**
  Native
- **German**
  Basic Proficiency
- **Arabic**
  Basic Proficiency

AREAS OF INTEREST

- Machine Learning and Data Science
- IoT and Embedded Systems
- Robotics and Automation Systems
- Software Development
- Web Development
- Graphics Designing
- App Development

LEADERSHIP AND ACTIVITIES

- **Team Interplanetar – BUET Mars Rover Team** 2024-2026
  - *Documentation Sub-Team Lead*
- **Team Interplanetar – BUET Mars Rover Team** 2023-2026
  - *Video Editing Team Lead*
- **BUET Robotics Society** 2022-2024
  - *Member*
- **Notre Dame Math Club** 2019-2020
  - *Vice President*
- **Ideal English Language Club** 2017-2018
  - *Member*

PROJECTS

- **Smart AI Based Traffic Governance for Dhaka** 2026
  - *Project for Impact Dhaka Hackathon 2026*
  - *1st Prize Winner*
- **IoT Based Remote Patient Health Monitoring System** 2025
  - *AI, IoT and Automation Based Project*
- **Machine Learning Based Automated Bandwidth Analysis and Estimation Using Time Series Analysis** 2025
  - *AI and ML Based Project*
- **Automated Medical Waste Segregation Using Computer Vision** 2025
  - *OpenCV Based YoloV8 Project*
- **Regenerative Braking Using BLDC Motor Back EMF** 2025
  - *Hardware Project Based on Power Electronics*
- **Digital Electronics Circuit Based Tic-Tac-Toe** 2025
  - *Digital Electronics Based Project*
- **CNN Based COVID-19 Detection Using X-ray Images** 2024
  - *DL Based Biomedical Project*
- **Motion Detection Based Anti-Theft Smart Home System** 2024
  - *OpenCV Based Automation Project*
- **Hybrid Solar-Wind Power Generation System** 2024
  - *MATLAB Simulink Based Power Generation Project*
- **N-Spring Mass System Simulation Using Numerical Methods** 2023
  - *MATLAB Based Numerical Analysis Solving Project*
- **Digital Thermometer Design and Arrhenius Equation Calculation Using PSpice** 2023
  - *Electronic Circuit Based Project*
- **Three-Phase 220V Generator Implementation** 2023
  - *Power Generation Project*
